

Master Line

Master 3370 SA-Carriage

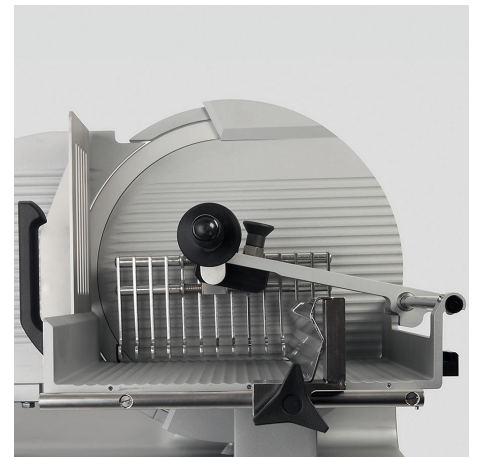

FEATURES

- low method of construction
- compact and powerful
- precise guide tracks in stop, carriage and blade cover plate
- motor with double ball-bearing blade transmission
- cool surfaces with air cooling system
- a closed blade cover plate
- Piezzo switch technology indestructible and waterproof
- high-quality plastics unbreakable and chemical-resistant
- a closed rubber frame for a solid state
- housing protection IP 65 (dustproof and protected against hose water)
- relaxed work by optimal sliding properties - **Cera³**
- ergonomic operation of the end-piece holder with swiveling handle
- smooth running carriage - internal guide
- no adhere of the cutting material - **Cera³**
- plain and everywhere exposable surface
- free running blade
- blade cover removeable
- carriage foldable - 45°
- special- high performance blade with narrow blade sheath - **Cera³**

SA carriage with product feed

- the high cutting material enables a fast attachment
- enables the cutting of tomatoes and vegetable
- the end-piece holder enables optimal contact pressure and lowest oddment
- carriage for cleaning removeable

TECHNICAL SPECIFICATIONS

Voltage	230 oder 400 V~
Motor power	450 Watt
Operating peiod	Continuous run
Emission noise level	< 69 dBA
Blade speed	229 RPM
Blade size	330 mm
Slicing thickness	0 - 24 mm
Slice size	300 x 224 mm
Carriage dimensions (LxW)	300 x 340 mm
Footprint (LxW)	585 x 440 mm
Outer dimensions (LxWxH)	660 x 620 x 470 mm
Weight	40,3 kg
Warranty	2 years

Accessories

- 2-step blade sharpener
- Special oil
